

Pheasant Stamp Now!

Don't say goodbye to pheasant hunting in Pennsylvania forever!

The Pennsylvania Game Commission has cut the pheasant stocking for 2005 by 50% to 100,000 birds.

Who knows if they will stock any at all next year. Let the Pennsylvania Game Commission and the Pennsylvania Legislature know how we feel about pheasant hunting. Preserve our heritage for our children by signing the pheasant stamp petition and joining our site.

Goals:

- **Push for a pheasant stamp to support the propagation of pheasants in Pennsylvania**
- **Lobby for the Pennsylvania Game Commission to develop a long term pheasant plan**
- **Ask for the Pennsylvania Game Commission to develop a predator control program**
- **Get help with your local pheasant habitat from existing organizations**
